

Northern Colorado Hospitalists

Since 2004, Northern Colorado Hospitalists has operated as an independently owned and mission-driven practice, managed by world-class physicians.

We have over 40 physicians on staff that are dedicated to serving the growing population of Northern Colorado through three local University of Colorado Hospitals.

Northern Colorado Hospitalists is based in the beautiful highlands of Fort Collins. The region offers fabulous career and recreational opportunities, diverse cultural attractions, and family fun galore!

Working for Northern Colorado Hospitalists:

- Robust first-year Junior partner development program to help transition into the group
- Partnership eligible after 1 year of employment
- Flexible scheduling model
- Offers numerous teaching and leadership opportunities
- Supported by specialized Hospitalist Nurses and Scribes
- Incredibly high physician retention rate
- Benefits include health, dental, and disability insurance as well as a robust 401K program
- No procedures or ventilator management required

Our Mission

We are a group of dedicated career Hospitalists who provide the highest quality of care to our patients and support to our colleagues. Our physician-owned practice model fosters innovation, enhances accountability and develops leaders who are committed to improving the healthcare of our community.
